15 / 1 / 1917

The estimated balance ~~to be~~ under L.D. G.O. is Rs. 428327. The principle of utilizing local cess for local purposes only has been expressly recognised in the G.O. It is a point for consideration & orders whether it is not desirable to set apart this sum, after the abolition of L.D. G.O., to meet local services & local wants in accordance with the spirit of the G.O.

Para 3 of the draft.:--

8 The transfer of charges from the Local Funds General to State Funds proposed in this para affects the budgets of the following departments.

Education.— Industrial and other Schools.
Medical.— Indigenous Hospital in Mysore and grants-in-aid to Pasteur Institute, Coonoor.
Agriculture.—Veterinary Hospitals and Dispensaries and Dasara Exhibition.

— The heads of the above departments may be required to incorporate in their budgets from 1917-18 onwards the receipts and charges on the above accounts. The contribution paid by the Mysore City Municipality will be taken as a receipt of the Medical Department.

Paras 4 and 5

9 I am not sure if the proposal to credit the balance of the Local Funds General to State Funds made in this ~~para~~ para is consistent with the nature of the balance or with the intention of Government. This balance is mostly the unexpended cess collection and it is doubtful if it is right to merge it in the General Government Balance. In the order abolishing this fund the right of the District Boards to this cess collection has been recognised and the revenue itself is to be made over to them from 1917-18. When their rights to the future cess revenue is admitted I am not sure if it is ~~not~~ correct to hold that the unexpended balance of previous

previous cess collection belongs to Government.

10. The transfer of the balance also to the District Boards is necessary if the view stated above is accepted. But such transfer should carry with it the responsibility for bearing charges which the Local Funds General would have met from such balance, had it continued to exist. The first charge on this balance is the cost to be incurred on the works sanctioned from the Local Funds General which will remain incomplete on 1st July 1917. The amounts necessary for completing these works may be transferred to the respective District Boards. The balance left after this transfer will be the amount against which there is no definite charge already sanctioned and this balance may be distributed among the District Boards in the proportion of the average cess income of the Local Funds General during the last three years. It is necessary to specify the charges which the Boards should meet from this balance; otherwise it may be spent for purposes different from those for which it would have been used, had the Local Funds General continued to exist.

11. As regards the transfer from 1917-18 to District Boards of the cess hitherto credited to Local Funds General the Government Order of 16th November 1916 does not state for what purpose the

the additional resources should be used. While the revenue has been ordered to be transferred the particular services to be met therefrom have not been specified. It is presumed that the roads and bridges of the kind constructed hitherto from the Local Funds General should hereafter be constructed at the cost of the District Boards. If this is the intention of Government it is as well to make it clear.

12. The Kolar Gold Fields Sanitary Board have enquired of this office what additional cess revenue they are entitled to under the Government Order of 16th November 1916. This is a point for the orders of Government. This Board's finances are in a good condition and they have been able even to keep a portion of their balance as a fixed deposit in the Mysore Bank. The point raised by the Board is however one of principle and the question of their right to be treated as other Boards in regard to the additional cess revenue transferred from the abolished Local Funds General to District Boards requires to be considered.

Para 6.

13 As regards the loan given from the Local Funds General to the Chickmagalur Municipality there are two ways of dealing with it. The balance of loan may be regarded as having been made from

from State funds and the future instalments credited to such funds or it may be treated as having been made from the funds of one of the District Boards, preferably the Kadur District Board. If the balance of the Local Funds General is distributed among the District Boards the balance of the loan may well be regarded as having been given by the Kadur District Board out of the share that it will get.

(2.) In regard to the proposal to credit to the state funds the balance in favour of the Local funds General, it may be observed that in this case nearly a lakh of rupees may have to be alloted during 1917-18 from the state funds for the incomplete works of this year.

(3.) The statement attached will show the amount of grant already applied for from Local Fund Genral for 1917-18 by the Superintending Engineers of Circles. If it is the desire of Government that the entire balance left under this head at the end of 1916-17 should merge in the state funds, then the amount required viz., 92000/- for the three incomplete works entered in the list may be alloted from this balance and the amount then left over credited to the

But for the local fund finance, the works in question would not have been undertaken from State funds, or at all events in preference to other more urgent works.

There is no objection to the transfer of the balance to the Dr. Bds after provision is made for the incomplete work, as required by the chief Engineer.

1. That with effect from the 1st July 1917 the Local Funds General, as a separate Fund, be abolished;

2. That 67% of the cess on Excise, Forest and other heads of revenue, excluding Land Revenue, be credited to the District Funds concerned and in the local area under the sanitary administration of the Kolar Gold Fields' Sanitary Board, to its funds; and the balance, *viz.*, 33% to the Village School Fund as heretofore;

3. That, as the transfer of charges from the Local Funds General to State Funds proposed in the order read above affects the budgets of the Education, Medical and Agricultural Departments, the heads of the Departments concerned will incorporate in their budgets from the year 1917-18 onwards the receipts and expenditure in respect of the marginally noted items, the contribution of one-third of the charges of the Indigenous Hospital at Mysore paid by the Mysore City Municipal Council being credited to the State Medical Budget;

1. Education—Industrial and other Schools.
2. Medical—Indigenous Hospital in Mysore and grant-in-aid to Pasteur Institute, Coonoor.
3. Agriculture—Veterinary Hospitals and Dispensaries and Dasara Exhibition.

4. That the balance in favour of the Local Funds General at the end of the year 1916-17 together with the balance of the loan given to the Chikmagalur Municipal Council for water works be credited to the District Boards and the Kolar Gold Fields Sanitary Board in the proportion of their average cess revenue for the last three years.

5. That the works undertaken by the Public Works Department from this fund and remaining incomplete at the end of the current official year be pushed on to completion from State Funds;

6. That the annual instalment of Rs. 3,300 which is being paid by the Chikmagalur Municipal Council towards the repayment, with interest, of the loan for the town water-supply project be credited to the Kadur District Board, the balance of the loan being regarded as having been given by that Board out of the share of the L. F. G. credited to it; and

7. That the question of proportionately raising the Public Works Department Budget Grant for completing the incomplete Local Fund General works and for putting in hand fresh works the cost of which was to have been met from this fund, be disposed of separately in the Public Works Secretariat.
